ImplementHIT

AS COVID-19 DEVELOPS, LEARNING & SUPPORT MUST KEEP UP

*Gain immediate capacity to develop custom, personalized, online physician training and support*

Over the past decade our focus on physician training has allowed us to not only refine our practice to deliver excellent training, we also developed robust software and extensive content management tools enabling rapid deployment of personalized learning to physicians on a large scale (the 2nd largest health system in the US, Common Spirit Health, uses our software to train their physicians). Change and learning are two sides of the same coin, and as healthcare organizations are stressed to learn, apply, adapt to respond to COVID-19, ImplementHIT can help by rapidly developing custom, and personalized training and support for your physicians on the front lines. **Our team can provide you with immediate capacity to support training needs using our rapid learning cycle approach outlined here.**

1 LEARN

Rapidly build and deploy personalized online learning that is scalable and highly effective at changing behavior

4 SHARE

As best practices emerge, capturing and distributing shared knowledge is key to adaptation and improving satisfaction

LEARN
Personalized + Online

APPLY
On-the-Job

RAPID LEARNING CYCLE

SHARE
Best Practices

ADAPT
Measure & Move

2 APPLY

Personalized electronic support helps physicians apply new knowledge on-the-job

3 ADAPT

As your healthcare organization adapts, measure training impact, and learn what moves the needle

About ImplementHIT

10-year track record of excellence

Curricula impacting 1/3rd of all US Physicians

Training software used in >1k hospitals & clinics
Training by and for physicians

ImplementHIT Clients

CommonSpirit

The largest non-profit health system uses ImplementHIT software to train their physicians

MAYO CLINIC

The CDI pocket guide authors use ImplementHIT software to train Mayo physicians

McGraw-Hill Medical

The largest global medical publisher uses ImplementHIT software with physicians

AHIMA

ImplementHIT was AHIMA's exclusive partner for physician ICD-10 training

Testimonials

"Medicine is hard enough, if we can marry a technology that makes the job easier, that gets us home sooner, and makes our lives better, so much the better!"

Christian Lising MD, Medical Director, St Jude Medical Group

"I like the ImplementHIT approach to action-oriented, bite size learning. It opens the door to on-demand, just in time training, which is ultimately more valuable."

Dan Gebremedhim MD MBA - Faculty Physician in Internal Medicine, Instructor of Medicine, Harvard Medical School

"The overall experience and technology of this team is one that I would highly recommend to physician groups both large and small."

Deanna Moran - Director of Central Business Office, Covenant Medical Group

"They have always made my project implementations and customers a priority and have been a pleasure to work with."

Cherie Little, MBA, PMP - Senior Project Manager, IOD Incorporated

"Their learning platform allowed us to deliver education to our physicians in an efficient and timely manner."

Jody Senalik - Project Manager, Springfield Clinic, LLP

"They responded at all hours, and on the weekends to provide support, and I couldn't have asked for anything more."

Joseph Janchar, MS - Education Services Specialist, The Center for Healthcare Innovation at the College of St. Scholastica

"This by far was the best implementation I have had when working with a new program."

Lynn Johnson - Revenue Cycle Director, Northeast Ohio Neighborhood Health Services, Inc.

We are ready to help!

We can use your training modules, create modules from your materials, or completely develop modules from scratch then immediately distribute, manage and monitor impact from training to thousands of physicians. It's the only thing we've focused on for the past 10 years, give us a call, we are ready to help!
